

Texas Commission on Environmental Quality

Notice of Concentrated Animal Feeding Operation Application General Permit Authorization No. TXG921413

Application. Vyn Land & Cattle & Golden J Jerseys, LLC, P. O. Box 1567, Dalhart, Texas 79022 have applied to the Texas Commission on Environmental Quality (TCEQ) under General Permit No. TXG920000 for a non-substantial change to the terms of the nutrient management plan (NMP) previously submitted to the TCEQ. The Applicants have reconfigured land management unit (LMU) #12 to incorporate confinement pens which caused a decrease in the acreage from 387 to 374 acres. In addition, the design calculations for retention control structure (RCS) #4 were revised to reflect as built conditions, and the facility maps were updated. The total land application area has decreased from 719 to 706 acres. The notice of change application and the updated NMP were received by TCEQ on December 16, 2019.

No discharge of pollutants into the waters in the state is authorized by this general permit except under chronic or catastrophic rainfall conditions or events. All waste and wastewater will be beneficially used on agricultural land.

The facility is located at 11922 Stone Road, Dumas, Moore County, Texas. The facility is located in the drainage area of the Palo Duro Reservoir in Segment No. 0199A of the Canadian River Basin. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice.
